1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 9 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The preamble of claim 9 recites "a method for growth of an insulation film". However, the body of the claim does not have at least a positive step as required by a method claim. Not that the use of a passive voice in claim 9 does not constitute an active step.

2. The following is an examiner's statement of reasons for allowance:

Claims 1-8 are allowed because prior art of record does not teach or suggest the claimed method of growing an insulating film, which includes the steps of vaporizing an aerosol of a liquid organic feedstock, said aerosol is formed by spraying a mixture of the organic feedstock and a carrier gas into a vaporizing vacuum chamber.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
